PRIVATE DRAIN 1589

August 7, 2003

The Honorable Board of Supervisors
County of Los Angeles
383 Kenneth Hahn Hall of Administration
500 West Temple Street
Los Angeles, CA 90012

Dear Supervisors:

**COMPLETION AND TRANSFER OF DRAINAGE FACILITIES
PRIVATE DRAIN NO. 1589
TRACT NO. 37573
CITY OF SANTA CLARITA
SUPERVISORIAL DISTRICT 5
3 VOTES**

**IT IS RECOMMENDED THAT YOUR BOARD ACTING AS THE GOVERNING BODY
OF THE LOS ANGELES COUNTY FLOOD CONTROL DISTRICT:**

1. Find that this transfer is categorically exempt from the provisions of the California Environmental Quality Act (CEQA).
2. Approve and instruct the Chair to sign the enclosed Agreement between the Los Angeles County Flood Control District (LACFCD) and the City of Santa Clarita. This Agreement provides for the City to pay the LACFCD all costs incurred to bring the storm drain facilities to standards acceptable for transfer into the LACFCD. The Agreement also provides for the LACFCD to accept the drains for operation and maintenance.
3. Instruct and authorize the Director of Public Works to accept the transfer and conveyance to the LACFCD from the City of Santa Clarita Private Drain (PD) No. 1589 pursuant to the enclosed City's Resolution No. 02-61.

PURPOSE/JUSTIFICATION OF RECOMMENDED ACTIONS

These actions provide for the City to pay the LACFCD all costs incurred to bring the storm drain facility to standards acceptable for transfer into the LACFCD. Upon execution of the Agreement from the City, the Agreement will provide for the LACFCD to accept the drain for operation and maintenance. The transfer and continued maintenance of PD No. 1589 by the LACFCD provides for public health and safety to residents within Tract No. 37573 and visitors to the area.

Implementation of Strategic Plan Goals

The transfer of PD No. 1589 is consistent with the County Strategic Plan Goal of Service Excellence since the regularly scheduled maintenance of our flood control facilities is needed to provide flood protection that improves the quality of life to residents in the area.

FISCAL IMPACT/FINANCING

No negative fiscal impact. The City will pay all costs incurred for the repair of the storm drain facility. Maintenance of the storm drain facility will be funded with Flood Control District funds. There will be no increase in net County cost.

FACTS AND PROVISIONS/LEGAL REQUIREMENTS

The storm drain facility consists of various size underground storm drain pipes and surface structures in City streets and right of ways. We have reviewed the plans and inspected the storm drain facility and hereby recommend the storm drain facility for transfer subject to the provisions of the Agreement and Resolutions. The City of Santa Clarita adopted the Resolution requesting the LACFCD to accept the transfer and conveyance of the storm drain facility. Section 13-3/4 of the Los Angeles County Flood Control Act authorizes your Board to accept the transfer and conveyance of storm drain facility to the District for future operation and maintenance when the facility is offered by resolution by the jurisdictional agency.

The Honorable Board of Supervisors
August 7, 2003

ENVIRONMENTAL DOCUMENTATION

This transfer is categorically exempt from the provisions of CEQA, as specified in Class 1(u) of the revised Environmental Document Reporting Procedures and Guidelines adopted by your Board on November 17, 1987, Synopsis 57, and Section 15301 of the CEQA Guidelines.

IMPACT ON CURRENT SERVICES (OR PROJECTS)

No adverse impact.

CONCLUSION

Enclosed are two copies of the Agreement, which has been approved by the City. Upon approval, please return the executed Agreement along with two approved copies of this letter to Public Works, Land Development Division.

Respectfully submitted,

THIS AGREEMENT, made and entered into by and between the CITY OF SANTA CLARITA ("CITY"), a municipal corporation in the County of Los Angeles, and the Los Angeles County Flood Control District ("LACFCD"), a body corporate and politic.

W I T N E S S E T H

WHEREAS, CITY presently has control over **Private Drain No. 1589**, hereinafter referred to as "DRAIN"; and

WHEREAS, LACFCD is authorized by Section 13-3/4 of the Los Angeles County Flood Control Act to accept transfers and conveyances of flood control facilities for the operation and maintenance, repair, and improvement thereof; and

WHEREAS, CITY has requested that LACFCD accept the transfer of DRAIN to the LACFCD for the operation and maintenance, repair, and improvement thereof; and

WHEREAS, DRAIN may contain underground and surface damage and deficiencies; and

WHEREAS, CITY desires to fully compensate LACFCD to correct said underground and surface damage and deficiencies as or after the corrections are made, and LACFCD is agreeable to delay payment until then; and

WHEREAS, State and Federal authorizations may be required as a condition of repair and continued maintenance of portions of DRAIN; and

WHEREAS, LACFCD policy requires that State and Federal authorizations for continued maintenance shall accompany requests for transfer and conveyance of a flood control facility; and

WHEREAS, LACFCD is aware that it appears that the owner of Tract 37573 Lot 12 has performed unauthorized grading in the vicinity of the DRAIN Line "G1" debris basin.

NOW, THEREFORE, in consideration of the mutual benefits to be derived by CITY and LACFCD and of the promises herein contained, it is hereby agreed as follows:

(1) CITY AGREES:

- a. To pay LACFCD for actual costs incurred to repair underground and surface damage and deficiencies, if any, of DRAIN.
- b. That LACFCD shall be the sole determiner of the nature and extent of underground and surface damage and deficiencies, if any, requiring repair.

- c. That payment is to be made within 90 days of receipt by CITY of invoice for said repairs.
- d. To retain responsibility for those portions of DRAIN requiring State and Federal authorizations for repair and continued maintenance, until such time that said authorizations are provided to LACFCD.
- e. To retain responsibility for the DRAIN Line "G1" debris basin until such time that the apparent unauthorized grading in the vicinity of the Line "G1" debris basin has been mitigated to the satisfaction of LACFCD and CITY.

(2) LACFCD AGREES

- a. Upon execution of this AGREEMENT by CITY, to recommend to the Los Angeles County Board of Supervisors ("BOARD"), in its capacity as governing body of LACFCD, to accept DRAIN for transfer into the LACFCD system.
- b. Upon said acceptance by BOARD, to execute this AGREEMENT in a timely manner.
- c. To diligently pursue identification and repair of underground and surface damage and deficiencies, if any, of DRAIN.
- d. To provide CITY with invoices for actual costs incurred for the prosecution of said identification and repair no later than 15 months following the full execution of this AGREEMENT.
- e. If LACFCD policy regarding State and Federal authorizations for continued maintenance either change or otherwise be determined to be unenforceable, then said change or determination shall be retroactive in nature to include DRAIN.

(3) IT IS MUTUALLY UNDERSTOOD AND AGREED AS FOLLOWS:

- a. The intent of this AGREEMENT is to fully compensate LACFCD for the actual costs to repair underground and surface damage and deficiencies that may exist at the time of full execution of this AGREEMENT. It is not the intent of this AGREEMENT to compensate LACFCD for on-going maintenance of DRAIN, or to compensate LACFCD for damage that may occur to DRAIN subsequent to the execution of this AGREEMENT.
- b. With respect to invoices received by CITY within 15 months following full execution of this AGREEMENT, if CITY does not pay such invoices within 90 days of receipt of same, this AGREEMENT may be terminated by LACFCD at its sole discretion.

- c. With respect to invoices received by CITY more than 15 months following full execution of this AGREEMENT, CITY may assume, at its sole discretion, that such invoices are related to on-going maintenance or to damage occurring subsequent to full execution of this AGREEMENT. Payment of such invoices by CITY shall be at its sole discretion.
- d. LACFCD has no obligation or responsibility to maintain said DRAIN until all necessary rights of way needed to maintain said portions of DRAIN have been conveyed to and accepted by LACFCD.
- e. Neither LACFCD nor any officer, employee or agent of LACFCD, including, without limitation, employees of the Department of Public Works of the County of Los Angeles, shall be responsible for any damage or liability occurring by reason of any acts or omissions on the part of CITY under or in connection with any work, authority, or jurisdiction delegated to CITY under this AGREEMENT. It is also understood and agreed that, pursuant to Government Code, Section 895.4, CITY shall fully indemnify, defend, and hold LACFCD harmless from any liability imposed for injury (as defined by Government Code, Section 810.8) occurring by reason of any acts or omissions on the part of CITY under or in connection with any work, authority, or jurisdiction delegated to CITY under this AGREEMENT.
- f. Neither CITY nor any officer or employee of CITY, shall be responsible for any damage or liability occurring by reason of any acts or omissions on the part of LACFCD under or in connection with any work, authority, or jurisdiction delegated to LACFCD under this AGREEMENT. It is also understood and agreed that, pursuant to Government Code, Section 895.4, LACFCD shall fully indemnify, defend, and hold CITY harmless from any liability imposed for injury (as defined by Government Code, Section 810.8) occurring by reason of any acts or omissions on the part of LACFCD under or in connection with any work, authority, or jurisdiction delegated to LACFCD under this AGREEMENT.
- g. It is understood and agreed that the provisions of Assumption of Liability Agreement No. 59595 between CITY and the County of Los Angeles ("COUNTY"), adopted by the Board of Supervisors on June 21, 1988 and currently in effect, are inapplicable to this AGREEMENT.

IN WITNESS WHEREOF, the parties hereto have caused this AGREEMENT to be executed by their respective officers, duly authorized, by the CITY OF SANTA CLARITA on July 28, 2003 and by the LOS ANGELES COUNTY FLOOD CONTROL DISTRICT on _____.
